Dear guests!

We wish to inform you that the accommodation, vertical suspension costs, rTMS and tDCS treatments need to be paid to the accountant on Monday afternoon. Please pay for the physiotherapy, massages and training equipment usage fees to the therapists.

Relatives also have a possibility to get physiotherapy, massages and training equipment usage. We apply rTMS + tDCS treatment after medical examination in pain syndromes in the relatives. These treatments are available to relatives at half price.

Greetings:

The Neuro Rehabilitation Team
